Dear Parishioners,

During these beautiful summer days, I find myself just feeling tired and weary. I am tired of wearing a mask every time I go into a building. I am tired of making sure I sanitize my hands after I touch anything. I am weary of making sure I am six feet away from the person in front of me. I want to be safe and I want everyone around me to be safe too but some days I'm just tired of it all. I just want to know when it will be over. Give me a date, a time so I know when I can stop doing all of this and know I will be safe again.

In the midst of my whining and complaining I came across this article and it made me stop and be grateful again for all that I am blessed with every day....

IMAGINE YOU WERE BORN IN 1900.

On your 14th birthday, **World War I** starts, and ends on your 18th birthday. 22 million people perish in that war.

Later in the year, a **Spanish Flu epidemic** hits the planet and runs until your 20th birthday. 50 million people die from it in those two years. Yes, 50 million.

On your 29th birthday, **the Great Depression begins**. Unemployment hits 25%, the World GDP drops 27%. That runs until you are 33. The country nearly collapses along with the world economy.

When you turn 39, **World War II** starts. You aren't even over the hill yet. And don't try to catch your breath.

On your 41st birthday, the United States is fully pulled into WWII. Between your 39th and 45th birthday, 75 million people perish in the war.

Smallpox was epidemic until you were in your 40's, as it killed 300 million people during your lifetime.

At 50, the **Korean War** starts. 5 million perish. From your birth, until you are 55 you dealt with the fear of **Polio** epidemics each summer. You experience friends and family contracting polio and being paralyzed and/or die.

At 55 the **Vietnam War** begins and doesn't end for 20 years. 4 million people perish in that conflict. During the Cold War, you lived each day with the fear of nuclear annihilation.

On your 62nd birthday you have the **Cuban Missile Crisis**, a tipping point in the Cold War. Life on our planet, as we know it, almost ended.

When you turn 75, the Vietnam War finally ends.

Think of everyone on the planet born in 1900. How did they endure all of that?

Perspective is an amazing art. Refined and enlightening as time goes on. Let's try and keep things in perspective.

**Your parents and/or grandparents were called to endure all of the above
– you are called to stay home and sit on your couch.**

Take time during these days of summer to stop and thank God for all the blessings we DO have in our life: our health, a loving family, a job, plenty of food and a comfortable home....And don't forget to continue to keep giving and sharing whenever you can.

Sr. Pam

P.S. I will be on retreat next week and will be sure to keep all of you in my prayers. Know I am very grateful to be among you at St. Mary's!
